FEATURE GUIDE

KYNECTION · AWARE (TRACKVIEW) · PART 3 OF THE AWARE MODULE

Track Vehicle Mileage *with Trip Reports*

The trips tab: filtering journeys by day or week, telling ongoing trips from completed ones, and opening a trip's history to request the camera footage behind it.

2 CHAPTERS

34 SEC

AWARE (TRACKVIEW)

WEB USERS · FLEET & SAFETY

What this feature covers

Two stages, four steps: reading and filtering the trips tab, then working with an individual trip.

CH 01	Read the trips tab	00:00–00:14
	Every journey the fleet has made, filterable by period.	

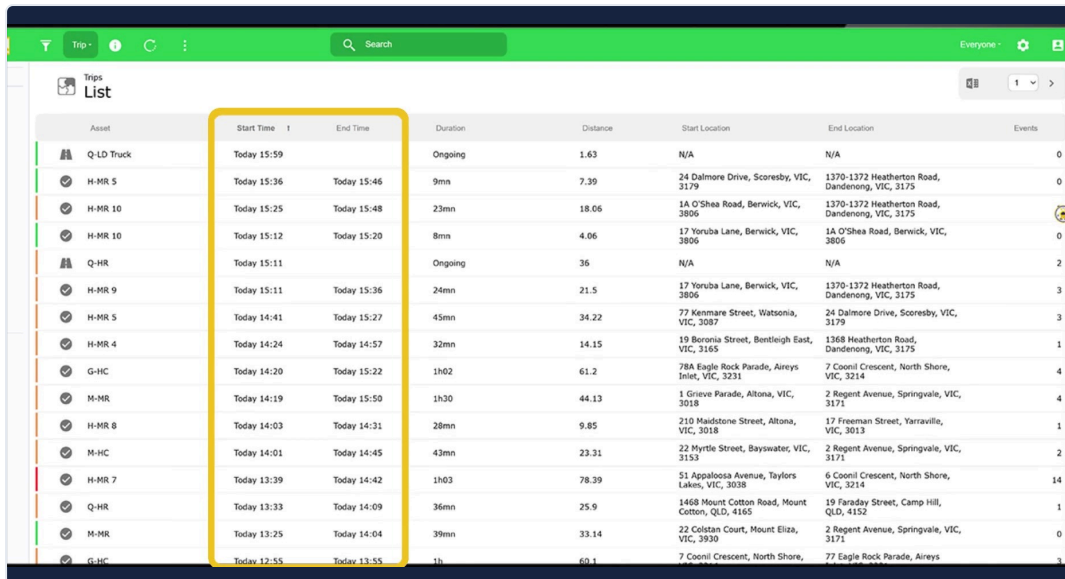

CH 02	Work with a trip	00:14–00:34
	Tell live movements from history, then dig into one journey.	

- **Trips are the mileage record.** Start and end time, duration, distance and both locations are captured per journey, which is what makes vehicle mileage reporting defensible.
 - **Ongoing and completed are separated.** A journey in progress does not get mixed into historical reporting.
 - **Footage can be requested.** Where an AI camera is fitted, video for a trip can be pulled after the fact.
-

READ AS	Screens are captured from the walkthrough video at the timestamp shown on each step. Vehicle names, locations and speeds are demonstration data.
---------	--

Read the trips tab

Every journey the fleet has made, filterable by period.

STEP 2 • 00:11 IN THE VIDEO

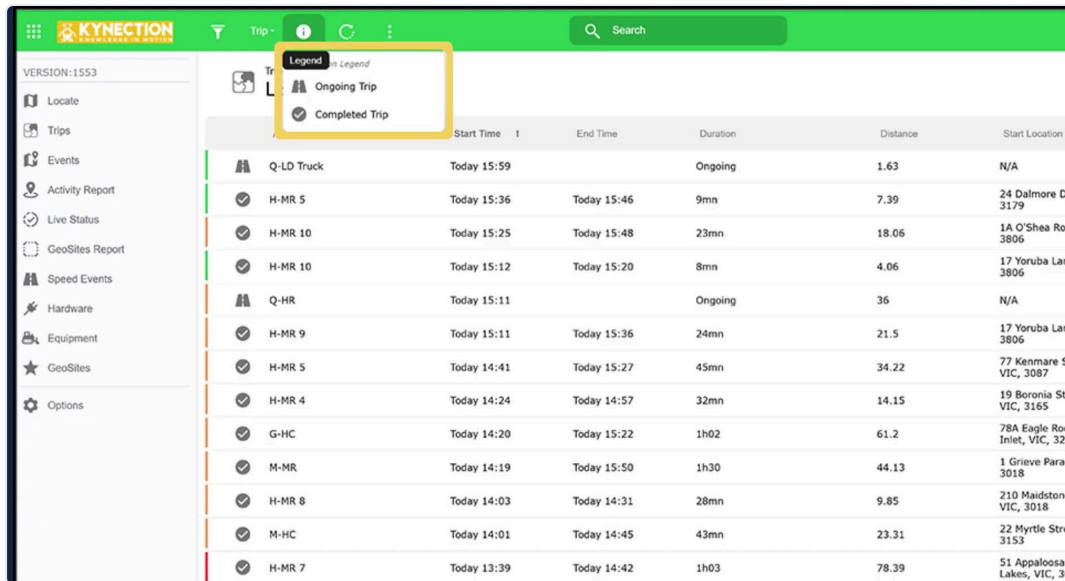

Filter by day or week

The period filter narrows the list to a day or a week, which is usually how mileage is reported.

CHAPTER 01 • STEP 2 OF 2

Work with a trip

Tell live movements from history, then dig into one journey.

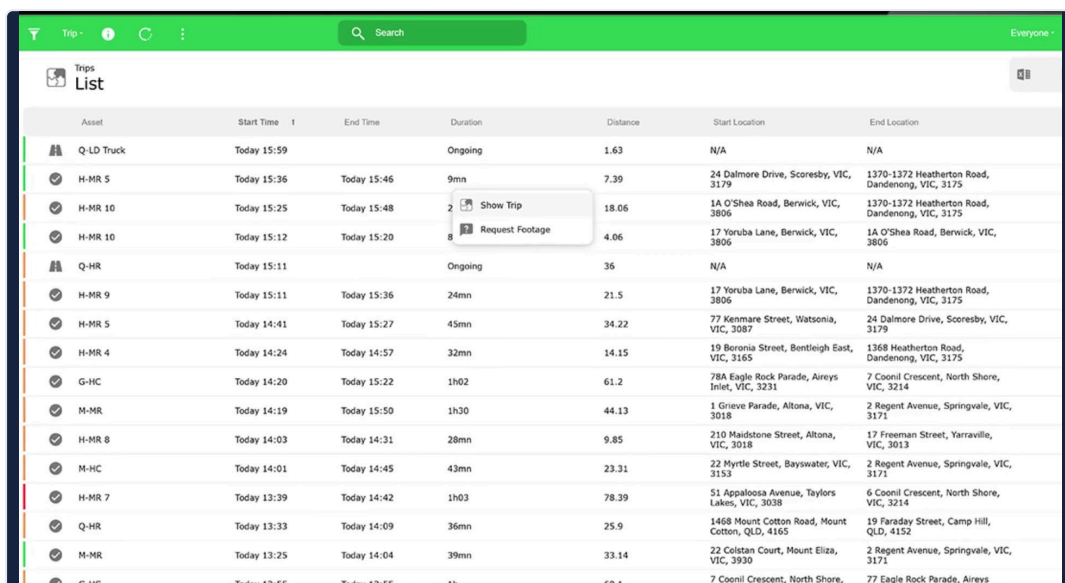

STEP 1 • 00:16 IN THE VIDEO

Read the trip legend

Ongoing Trip and **Completed Trip** are distinguished, so a vehicle still moving is not counted as finished.

CHAPTER 02 • STEP 1 OF 2

STEP 2 • 00:26 IN THE VIDEO

Open the history and request footage

Opening a trip gives its detailed history, and where a camera is fitted the footage for that journey can be requested.

CHAPTER 02 • STEP 2 OF 2

NEXT

Where to go next

This guide covers one part of the Aware module. The rest of the series covers the module end to end.

NEXT UP - Aware 04

Track driver safety with AI cameras

BACK TO Aware 02

Filter and locate vehicles in real time

THE REST OF THE AWARE MODULE
